AETNA — YOUR HARDWARE RESOURCE

Dedication • Resource • Inventory • Value-added • Experience

With thousands of hardware items in stock, Aetna Plywood truly is your one-stop source. We have brought in lines from top manufacturers around the world to meet your daily hardware needs, while maintaining the highest quality standard. Our hardware selection continues to grow to better serve you.

Our program can take you from start to finish. We have the tooling to cut or shape your material through the abrasives and the edge banding to finish it. At the assembly stage we have the proper screws, connectors or 8mm dowels to match your methods, as well as a wide selection of slides and hinges. We don't stop there, though. We carry a complete selection of interior accessories for the kitchen and entertainment units including lazy susans, chrome kitchen units, audio/video storage, and TV turntables. And the list goes on...

You get what you order. Aetna Hardware does not substitute product or regularly change manufacturers. This is done to assure you consistency and peace of mind.

Finally, we are a resource. We can make recommendations on hardware to assist your processes, and we can often source the hard-to-find items. At Aetna, we are your complete source for selection, knowledge and inventory, as well as a valuable resource.

HARDWARE FROM THE BEST

- Salice
- Mepla-Alfit

Is it Plywood? No, It's Superply!

Grade Description: SuperPly is an exterior, sanded plywood panel. The faces are specially selected veneers which are light in color and have little distinction between sapwood, heartwood and growth rings, resulting in a smooth, uniform appearance. Minor splits, indents, and wormholes are putty filled. SuperPly meets or exceeds all veneer grade, adhesive, construction, and workmanship requirements.

Highlights:

- No wood patches
- Ultra-smooth sanded faces
- Tight-grained faces inhibit checking
- Fewer and smaller internal voids

The result is a superior sanded plywood.

Superlight MDF: 34% lighter than standard MDF

Superlight MDF is the lightweight MDF with the heavyweight advantages. It offers homogeneous edges, smooth surface and high dimensional stability. Plus, all the ease of finishing and machinability you expect from MDF.

- Produced from self-sustainable Radiata Pine by-products, using state-of-the-art technology that makes intelligent, effective and environmentally-sound use of forest and mill by-products.

Applications:

Furniture and furniture components, casing and decorative finishes. Mobile homes or boat interiors, displays, and exhibition booths.

Fastening:

Straight shank (parallel thread) screws; ring-shank nails fixed slightly slanted to the surface; grooved dowels, staples and glues are recommended. Fasteners should be at least 1" from corners.

We've Expanded Our Inventory!

AETNA Is NOW Stocking Homasote 440 Sound Barrier®

YESTERDAY'S NEWS IS TODAY'S COMPETITIVE EDGE.

Homasote 440 Sound Barrier® is made of 100% post-consumer waste paper, without asbestos or urea formaldehyde. So it not only stamps out noise pollution, it is safe and environmentally sound.

BREAKTHROUGH BUT VIRTUALLY UNBREAKABLE.

Homasote 440 Sound Barrier® is the lightweight, structural sound deadening material that replaces lightweight concrete at a fraction of the cost. It works with almost any flooring system and has twice the R value of wood. Unlike concrete, it can be installed quickly and easily by the same crew laying the plywood sub-floor, for faster lower-cost job completion. It's so strong, lightweight, impact-resistant and easy to work with, it's hard to believe how effective it is.

Code	Unit Size	Pieces	Price/piece	Price/unit
17 14 200	1/2" 48 x 96	72	630/msf	590/msf

SIZES AVAILABLE AS SPECIAL ORDER

Thickness	Sizes	Weight lbs./sq. ft.
1/2"	4 x 4, 4 x 8, 4 x 12, 4 x 10, 8 x 12, 5 x 8	1.2
5/8"	4 x 8, 4 x 12, 8 x 12	1.5

Sound Deadening

Deadens sound in residential or commercial buildings. Used in single or multi-family housing, professional buildings. Useful in room partitions.

Bulletin Boards

440 becomes the quick, inexpensive, tackable answer, exterior or interior for any home, office, workshop, factory, etc. Can be painted.

Fabric Wrap Wall Treatments

Ideal substrate for custom textured fabric wrap panels. Provides sound deadening, insulation and tackability.
