AETNA + CFP 60's™ = SAVINGS

Introducing CFP 60's™ a new line of 60-inch-wide hardwood plywood from Columbia Forest Products. Produced on Columbia's innovative, new proprietary production line, these five-foot-wide panels can dramatically improve yield and reduce labor cost...which just happens to help improve profits. In fact, they're the ideal option for manufacturers looking to lower raw material and labor costs, as well as reduce waste.

Of course, having greater yield doesn't mean much without quality. And like all Columbia products, CFP 60's are of superior quality. They're available with either particleboard or MDF cores and manufactured using state-of-the-art technology. Plus, they're available with most major rotary and plain sliced veneers, as well as paper backing, for options that make them perfect for almost any project.

IN STOCK AT AETNA TODAY

(Minimum order quantity is 10 sheets)

Code	Item	Price
05-22-580	3/4" 5 x 8 PS Red Oak A/1 MDF SM&N	\$75.00/EA
06-22-580	3/4" 5 x 8 PS White Maple A/1 MDF SM&N	\$106.50/EA
09-22-580	3/4" 5 x 8 PS Cherry A/1 MDF SM&N	\$106.50/EA

ALL PANELS ARE 1/2" OVERSIZE

CFP 60's PRODUCE BETTER YIELDS

This illustration is an example of increased yields for a 19-1/4" x 31-5/8" component utilizing a 5' x 8' panel. If 1,700 pieces were required, 284 four-foot panels would be used vs. 189 five-foot panels.

That's 95 fewer panels to handle with a 16% improvement in yield.

New 95% yield 5' x 8' Panel

Standard 79% yield 4' x 8' Panel

Features & Benefits

- * Better yield per panel for reduced waste and improved profits
- * Multiple core and veneer choices to fit a variety of applications
- * Large production volume for availability and quick delivery
- * Small unit quantities available so you only purchase what's needed
- * Available in a variety of hardwood face and back combinations, including paper backing

Pricing good through January 30, 2004.
