\* You can combine bundles of different widths to meet the 11 bundle minimum order quantity.

## UV WOOD

### Pre-finished to give you a big head start.

UV WOOD is pre-finished with acrylate epoxy and cured with ultraviolet lights. This saves you valuable time and money, and eliminates exposure to harmful VOC emissions. And because it's pre-finished, UV WOOD is perfect for any application in which a clear, durable finish is required, such as:

- Cabinets
- End panels
- Vanities
- Shelving
- Case goods
- Drawer parts

Aetna now offers UV WOOD in virtually any combination of specie, grade and core. We currently stock UV WOOD in medium gloss, 48-1/2" x 96-1/2" oversize.

Unit size is 24 pieces for all items.

CODE	Size	Item	UV Sides	48 +
